April 7th 2010 • 2:00 PM

Jackson Cattle Co. Sale Facility :: Sedley, SK

Blairs.Ag Cattle Co, Jackson Cattle Co., Kenbert Acres, Nexera Land & Cattle Co, Michelson Land & Cattle

PURSUIT OF EXCELLENCE

Blairs.Ag Cattle Co.

Jackson Cattle Co.

Kenbert Acres

Nexera Land & Cattle Co

Michelson Land & Cattle

WELCOME TO THE SALE

It's hard to believe that a year has passed since the last sale and I want to thank the 2009 buyers who put their trust in our program and vision for the future.

The Blair family has deep history in Agriculture. We are a 3rd generation Integrated Ag Solutions operation with the 4th generation pushing us from behind. We have generations of experience in purebred livestock and grain production.

We are very excited to be an integral part of the future of the Angus breed in North America and look forward to the challenges and rewards that will come with that vision.

Our family believes very strongly in strategic partnerships and has enjoyed success over the years because of those trusted partners. We are again excited to have the opportunity to include some very important partners in our Bull Sale.

The sale name "Pursuit of Excellence" also serves as a mission statement of sorts. We are committed to making a difference in the Angus breed for both our commercial and purebred customers' benefit. We will do our best to help shape the future of the livestock industry by showing unprecedented commitment to genetic improvement.

Embryo technology and AI are and will continue to help us with breed improvement, and we will commit to the most rigorous culling criteria in the industry. We have a strategic black/red carrier program to help with expansion of the Red Angus gene pool and are committed to that promise. The 2011 sale will contain the first genetic gems from that program. We are fortunate to have two very important families play extremely important roles in our vision for the future. We would like to thank our Herdsmen – Chad & Carissa Haaland and our ET program team – Levi/Carmen and Chance Jackson.

We are committed to a team approach and therefore have assembled a "Genetic Advancement Team" that helps us with all breeding, selection and marketing decisions. Thanks to Kelly Schmidt, Chris Schmidt, Patty Smith and Craig Blair for their input into that team.

At Blairs.Ag Cattle Company we have two separate calving periods with a group of ET calves and bred heifers calving in February and our main cowherd calving in April/May. We sell all eligible bulls that are born prior to March 1 as yearlings, and all bulls born after March as 2-year-olds.

Two-year-olds will make up the majority of our sale offerings in the future as we believe that properly developed 2-year-olds are the future but we will always have a core group of early born calves that sell as yearlings. Feel free to give us a call about our philosophies on bull development.

Respectfully yours,

Kevin Blair and Darren Blair

GUEST CONSIGNORS

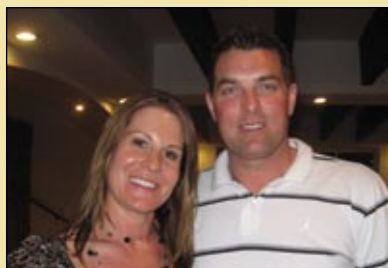

Jackson Cattle Co is a family owned operation consisting of Levi and Carmen Jackson, and their children Dakota and Chance. We are very pleased to be able to work with the whole Blairs.Ag crew, and are managing their ET program and sale bulls. Visitors are always welcome at JCC.

Levi, Carmen, Dakota and Chance Jackson

Kenbert Acres is excited to be part of the Blairs.Ag and Guests "Pursuit of Excellence" Bull Sale. Our offering this year consists of top quality 2-year-old bulls that we are pleased to say come from our herd. We believe in raising good quality, easy keeping, easy fleshing, quiet disposition, hardworking, and long lasting animals. Our animals go through a tough selection process, and only the best of the best stick around for sale or replacement animal. We use top of the line genetics and are branching into embryos as well. Staying on top of the many changes happening in the cattle industry is not an easy job, but we try to keep pace with the changes that will fit in with our program while making our animals better in the process. Take a look at what we have to offer and we hope it fits in with your breeding program. We stand behind our product, and if you have any problems, please let us know. Once again, thank you for coming to the sale.

Herb, Donna, Tami-Lynn, Tonja, Terrell, Tobia and Teresa Friesen

Michelson Land & Cattle is a family operation owned by Shane and Alaina Michelson. We are passionate about both the purebred Angus business and the grain industry. Our program is designed around identifying new leading edge genetics to help shape the future of the Angus breed. We are excited to join the Blairs.Ag team in the "Pursuit of Excellence".

Shane & Alaina Michelson

Nexera Land & Cattle Co. is a family operation that is owned by Kelly & Paula Schmidt and our children Hadley and Tate. We are excited to be a part of a sale of this caliber, with breeders that share our same goals. We believe in producing sound, structurally correct bulls with performance and good hair while maintaining ease of birth and excellent vigor. Please join us on April 7th and join in our "Pursuit of Excellence."

RARE, RARE, RARE!!! Premonition 209W is a FULL BROTHER to the world renowned Red Six Mile Sakic. The dam Red Six Mile Siera 257P may be one of the most productive beautiful cows in the breed. If you want to move up to the big kids table then make our Premonition YOURS!!

FULL BROTHER TO SAKIC

2010

FULL BROTHER TO DAYTONA

Take a look! Talladega 218W is a full brother to the \$20,000 half interest Red Blair's Daytona 116U and combines the great Mulberry with famous 2005 National Champion Red JCC Lass 41N. If you want a herd bull to add power, rib and bone then Talladega 218W is the answer. I can't say enough good things about the pedigree on Talladega.

Here is one of the only EXAR Lutton Bulls to sell this spring. He is a big powerful bull with loads of depth and shape. He has tremendous length of body and will sire calves with lots of growth and power. His dam is TC Freedom heifer calf that was supreme at the "legends of the fall" as a calf and sr. calf champion. She has since grown into a powerful donor cow. EXAR Lutton is currently off the open market and is extremely hard to find, he is a sire that has made as many great one as there has been. Don't miss a chance to own a true breeding piece that will elevate your program to a new level.

Wow. Take a close look here. Cash 403W is the bull off the great flush we did on the pick of the Bar E-L herd. The three females from that flush sold in our Class of '09 sale and went to Dave Longshore and Tom McNeeley. Justin and Roger at SooLine will tell you how well Cash 2R works in their program. A Cash daughter sold at Red Roundup 09 for \$32,000. BW

Here is a true power bull to sell this spring. MICH Black Bomber 932 is an absolute tank, big bodied, big topped, big butted, he is a truck. His dam EXG Princess N39 is a beautiful donor cow that just doesn't miss, and is a favorite to anyone who has seen her. Her 263C bull is working for Neilsons Angus at Craik. Black Bomber 932 is sired by MCC Blackout, who's semen is a rare find on the open market. He is the perfect package of power and growth with all the maternal needs to satisfy any herd. It is hard to find a more massive bull combined with abundance of quality that he possesses. A true sale feature.

MICH Triple Stack 9048 is one of the only MCATL Triple Stack progeny to sell in Canada this year. The bull who topped the Musgrave bull sale for 40,000USD in 2008. His dam is a hard working first calf heifer who is a 004 daughter from the Troy Thomas herd in S Dakota. MICH Triple Stack is a very smooth made bull, with loads of mass and shape. He has a beautiful phenotype and look to him, and is a bull that would be recommended for heifers. If you're looking for a unique pedigree, style and calving ease then MICH 9048 is worth having a hard look at.

Another great Mambo with a special twist. The 24L dam on this herdsire is a special donor female in our program and has raised many great offspring off Mulberry in our herd. Kuruba 24L will enter back in our donor program in 2010. Watch for her Daytona calves in the future. Look at the Maternal in the bottom side of this pedigree. Mark your catalog on this one.

A perfect combination of power from Mambo on the top of this pedigree with loads of maternal from a great donor female. LPC 5H was our pick in 2007 from the Soo Line female sale. If you want consistency in your calf crop turn these two full sibs loose on your cowherd.

Detonator 1U is a light birth weight, high weaning weight bull from a first calf heifer. His pedigree is stacked with great sires, but the best thing about his bull is his mother 24S. She is an exceptional angus cow, long sided, great volume and muscle shape and an excellent udder. Our son Chance showed her as a yearling and was Senior Yearling Heifer champion and Grand Champion in the Junior Extreme at Agribition. This past year 24S and her heifer calf were second in class to the female that eventually became the RBC Supreme Champion. If you need a bull with maternal value have a look at Detonator. We used this bull on our own replacement heifers in 2009.

NuWave Rosie 30P is a beautiful cow that has passed on her traits of being evenly balanced, and an easy keeper on to her progeny. Put that together with Belvin Spitfire 109'06 and you have a bull that we considered good enough for our own heifers. His first crop of calves is due to hit the ground shortly and we are eager to see them. Unfortunately, we can not keep him for another year because of all the Spitfire heifers coming up. He comes to you as a proven sire.

DUFF New Generation

6107

Sire: O C C Genesis 872G Dam: O C C Dixie Erica 814G
BW:+1.4 WW:+31 YW:+54 Milk:+16 \$EN:+15.26

Purchased in the 2009 Duff's Power Plus Bull Sale. A full brother to New Edition, New Look and New Attraction. This ultra stout beef bull has produced some super progeny on a limited number of cows. New Generation's overall power, dimension and structure is hard to beat. His full brothers have certainly made an impact.
