## WELCOME FROM BLAIRS.AG CATTLE CO....

I don't know if anyone could have predicted the year mother nature had in store for us in 2017. It was a wild ride to say the least with everything from drought and wild fires to a surprisingly good grain harvest and very good feeder calf prices. There were many days spent strategizing on how to deal with the drought and long hours spent putting up feed in very creative ways. In the end as expected, farmers and ranchers did what we always do and just gritted our teeth and figured it out. It's always refreshing to see the resilience that exists in the hearts and minds of people in Agriculture and it makes me proud of everyone involved.

The 2017 Genetic Focus sale consists of our very best and will give you the opportunity to purchase bred heifers, heifer calves and embryos that are designed to make a significant mark on your program. We would encourage you to spend some time analyzing the offering and call us with any questions you might have. Our program is focused on females that are extreme in terms of their rib shape, bone and overall dimension and at the same time come to you in a highly efficient package with exceptional udder quality.

I would sincerely like to invite you to join us in person on Dec 7th in Regina Sask. and I would encourage you to stay for the post sale festivities. I think it's safe to say you will want to "come for the sale" but you will want to stay for the "ring a ding dong dandy".

*"Where customers become friends"*

## WELCOME FROM SIX MILE RANCH LTD....

The Six Mile program has been focused on the Angus female from our very first purchase of Red Angus genetics in 1968. A lot of things have changed since then, but we have never wavered in the philosophy that having a strong maternal herd is our number one goal.

Every animal in this offering is off the top of our herd and many comprise our fall show string. We feel confident in these genetic opportunities and we will be there to back every purchase 100%. Thank you to all the bidders and buyers for your incredible support at last years sale. There is nothing more gratifying than seeing customers succeed with our genetics. Last year's high selling heifer calf was just crowned Champion Yearling heifer at the Manitoba Ag - Ex and Reserve Champion at the National show in Edmonton. A daughter of a feature cow last year, Wind Chime, was the Canadian Reserve National Grand Champion Female.

2017 has seen many ups and downs here at Six Mile. The biggest highlight was the marriage of Callie and Tyson. What a beautiful day filled with love, friendship and family. Then, not even a month later, we had a devastating wildfire, losing nearly 3000 acres of our best grazing land. Through everything, we know we are truly blessed to have the absolute best ranch family. THANK YOU to every member of the Six Mile team who work tirelessly for the ranch and to prepare for this sale. Give us a call to visit about the offering and make plans to attend the sale and one of the best Christmas parties of the year!

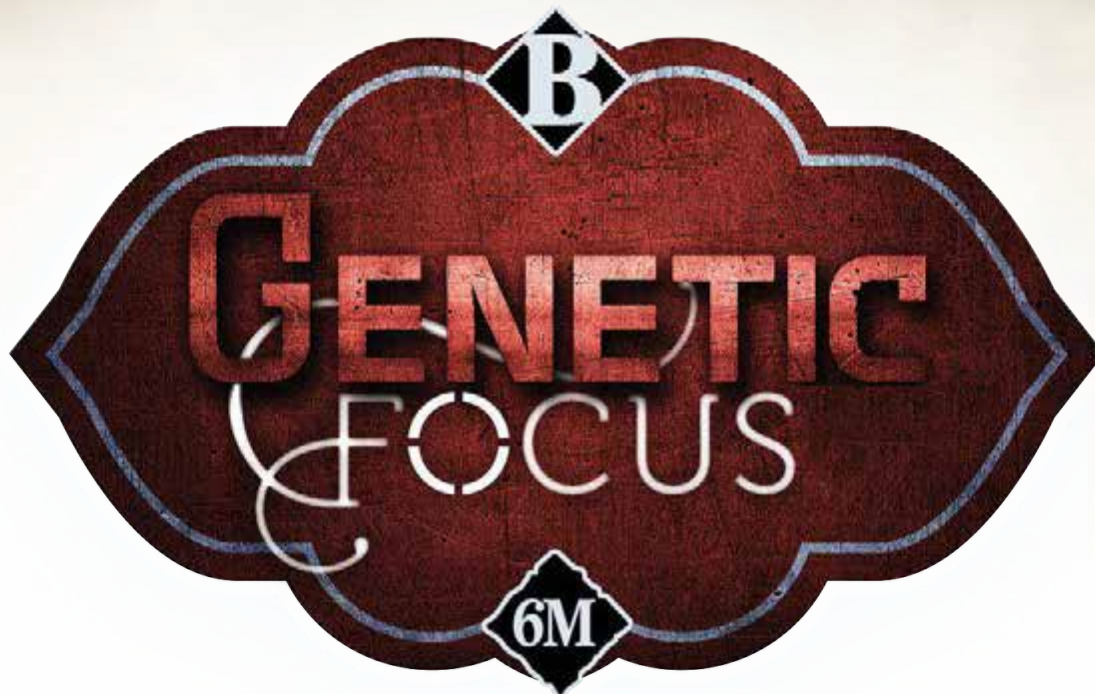

With Kind Regards,  
 Clayton and Corinne Gibson

### **Every Six Mile female in this offering:**

- Has been halter broke for your convenience.
- Has been DNA sire verified with many verified to dam as well.
- Is fully vaccinated with the Vista Once vaccine, Ivomeced and Safeguarded and given inter nasal Enforce prior to the sale.

**Six Mile will pay for any service that requires DNA parentage verification.**

sale at 4:30 pm**

## From the desk at T Bar....

Welcome to the 2017 "Genetic Focus" sale... a rare event where two of the largest, most successful Angus breeding operations come together to offer the best genetics in the industry. Although they are competitors in the marketplace, they share a common goal...to produce and supply superior Angus seed stock, red and black, for breeders throughout the world.

This superior quality does not come by chance but rather selection, culling and hands on experience as both operations are multi-generation breeders. Producers of great bulls, evidenced by the success of their own spring bull sales, both operations are constantly looking for new fresh genetics to supply their large base of ranchers and purebred breeders. Success in the show ring, (whether at Canada's Canadian Western Agribition or Denver's National Western) exemplifies the strength of the breeding programs as they can compete with the elite!

December 7th offers unlimited opportunities for all who are serious about breeding superior seed stock! Whether you are looking for a proven female in her prime of production, a bred heifer to fit your front pasture or a fancy competitive 2017 model with a lifetime of earning power, the offering will suit even the most discriminative buyer. Consider the fact that in the bred females offered, you are within a month or so of a return on investment and that the calf might well pay for your purchase. For those looking at the proven females, their flushes and embryos will suit any program and take less trucking expense. Since there is no substitute for quality in the market, let your selections at "Genetic Focus" add quality and value to your breeding program.

Plan to make "Genetic Focus" a family event ... bring the kids so that they can suggest a selection of their own as a prospect. Come early to view the lineup and be guests for a complimentary supper complete with refreshments and fellowship. It will be well worth the trip!

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, as we will help you in a professional manner.

# 83 LOTS SELLING

*Featuring an epic offering  
of elite Red and Black Angus genetics*

# TERMS AND CONDITIONS...

---

## **Terms:**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **Exchange Rate:**

For our American customers the exact exchange rate will be announced sale day but we expect it will be roughly \$800.00 USD buys \$1,000.00 CAD.

## **Certificate of Registration:**

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **Health:**

All animals in the sale have met all necessary health requirements.

## **Liabilities:**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **Guarantee:**

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## **Pregnancy Information:**

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

## **Delivery:**

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## **Phone, Mail, Wire Bids:**

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **Insurance:**

We strongly recommend that insurance is purchased for full value.

## **Errors:**

All announcements at sale time, written or oral, supersede any written material in the catalogue.

This sale feature is a ranch raised female who proved her way from the pasture into the show barn. She is the first of many Six Mile females in this sale that contain the influence of Red Topline Marta 807, whose influence is prevalent and prominent in our herd. We purchased Marta 807 in 2012 and she quickly moved into our donor program. A Marta 807 daughter sold for \$20,000 for half interest for Blair.Ag at the Pinnacle sale held this past summer. 238C was recently crowned Grand Champion Red Angus Female at Manitoba Ag Ex. A classy female who is poised for profit. AI bred on May 24, 2017 to Red WEBR Reform 816. Pasture exposed to Red U-2 Reckoning 149A from June 5 to July 1, 2017. Pregnancy Tested between breeding dates - due to calve beginning of March.

**SELLING HALF POSSESSION AND HALF EMBRYO INTEREST IN LOT 1 OR ALL OF HER DAUGHTER LOT 1A** - Six Mile would like to keep and manage this female for our new partners, however possession is negotiable. Call for details.

We purchased this premier female out of the stall at 2014 Agribition. She went on to be Grand Champion Female at that event and earned Top 10 honors in the RBC Supreme Challenge as a yearling heifer. She is sired by the immortal female maker, Indeed, and her dam is one of the very best to come out of the powerful Bar E-L program. Meg is a full sibling to Red Bar E-L Magic Mike 189Z who has made a name for himself with a daughter winning Denver, and his semen in high demand. Meg 169Z has a beautiful udder and has proven her maternal worth. Meg flushed twice this spring and bred back exemplifying her fertility. She has averaged 14 number one embryos on her last 3 flushes. We plan to flush her extensively next year with the new owner.

**SELLING A ½ EMBRYO INTEREST - NO POSSESSION - CALL FOR DETAILS.**

Goldie is a dark red, tanky made daughter of the now deceased, Branding Iron. Goldie possesses an abundance of rib and an easy fleshing look. This heifer exhibits a tremendous amount of power visually and backs it up with her high growth EPD's. The Goldie cow family have been great producers for us here at Six Mile with a "Goldie" heifer calf selling in last year's sale to L83 Ranch- the Lodoen family in North Dakota. AI bred on May 27, 2017 to Red U-2 Reckoning 149A (favorable to this service). Pasture exposed to Red U-2 Reckoning 149A from June 1 to July 1, 2017.

197D is the female in our offering that hits you with the "herd bull maker" look. She is as wide and true at the ground as we can make one and still maintains the flexibility of a cat. Her sire, Brunson, highlighted our 2015 Bull Sale selling to our neighbors and good friends, the Eklunds of Triple Play Cattle Company. The service to Reckoning is one we are very excited about. 197D is a tough one to let go. News Flash - A Brunson daughter, Wind Chime 689D, was just named the 2017 Canadian National Reserve Grand Champion Red Angus Female.

AI bred May 14, 2017 to Red U-2 Reckoning 149A (favorable to this service). Pasture exposed to Red U-2 Reckoning 149A from June 20 to July 1, 2017.

0.6	47	68	16	40

Another Reckoning daughter that we have had on our radar since she was a calf. 284D carries the only service in the offering to the \$115,000 High Caliber. This female's maternal grandmother Faye 5M was a neye catching, productive donor in our herd. We believe Faye's best days are ahead of her.

AI bred May 26, 2017 to Red Six Mile High Caliber 177C (favorable to this service). Pasture exposed to Red PIE On the Mark 5424 from June 10 to July 15, 2017.

service sire **RED SIX MILE HIGH CALIBER 177C**

This heifer just keeps getting better by the day. 55E doesn't have a high profile pedigree that jumps off the page, but these unassuming ones are money makers. Her EPD profile ranks her in the top of the breed. She's super sound, massive ribbed and was the easiest heifer in the sale to halter break. Her young dam is doing such a great job with a maternal sister in our herd. Oh and did we mention she has hair that would make a clubby breeder jealous.

This Warcraft daughter highlights our heifer calf offering. We are thrilled to showcase the work of our 807 donor and the positive impact she has had on our program. 807's mating with the highly successful sire, "Warcraft," might be her best yet. A Warcraft daughter topped our sale last fall at \$39,000 to BCRA and Junior member Eric Smith. Marta 993E is best described as soft sided, super flexible with big time potential. She's easy on the eyes and even better to handle; junior exhibitors that want success in the ring, take note of this one! She has already been crowned the Heifer Calf Champion at the Manitoba Ag Ex show. Entered in Denver.

Talk about immense power and incredible stoutness, this Renown heifer definitely has these attributes and much more. She's been a favorite since she hit the ground. If you prefer moderation, fleshing ability, real muscle shape and natural width, she's the one to buy. Her young black dam is a fantastic "0102X" that we purchased in the National Sale in Lloyd. Unique and solid genetics are featured here.

Signature has made his mark as one of the most impressive Red Angus sires in North America. This dark red Agribition Grand Champion features an amazing combination of size, mass, quality and athleticism. He transmits this power and phenotype to his popular progeny that have become widely successful in the sale ring and show arena. Semen is very limited on this outstanding sire. Package A is the only semen currently available in Canada as there will be no more available in Canada for 2018 and possibly ever. Don't miss this opportunity to add the exclusive Signature influence to your program. Consigned by Blair.Ag, Six Mile Ranch and Niobrara Red Angus.

Reckoning is the highly sought after \$46,000 bull that has created quite a buzz with his first progeny. He exhibits style, bone mass and the ability to sire both bulls and heifers with exceptional potential. In only his first calf crop he sired numerous high selling bulls for both us and U-2 Ranch such as the \$102,000 Riff, the syndicated Renown, the \$30,000 Challenger and the feature SEMEX sire, Custom Made. Last year he sired our high selling heifer calf, Cresta 250C, who was also a division heifer calf champion at both Agribition and Denver. That same Reckoning daughter was just named Reserve Grand Champion Female at Louisville. Now that Reckoning daughters are in production we can say without a doubt that he is the Real Deal making outstanding mother cows.

**SELLING 50 UNITS OF CANADIAN OR U.S. QUALIFIED SEMEN IN 10 UNIT PACKAGES** - The only other semen that will be offered on Reckoning will be offered in the U.S. and in limited release - THIS IS THE ONLY SEMEN OFFERED IN CANADA TILL DECEMBER 2018 AT THE EARLIEST.

SIX MILE BLACKBIRD 149B

SANKEYS JUSTIFIED 101  
SIX MILE BLACKBIRD 16X

BW	WW	YW	MM	TM
0.1	49	93	25	49

Here's a female that checks all the boxes for us. Blackbird 25D is derived from our most productive black cow families and sired by Crossfire, a bull we found at Bar H Cattle Company, the Hogbergs. We purchased Crossfire as a heifer bull but he has proven to be much more. His first calf crop at Six Mile was super consistent, moderate and efficient in their type. 25D fits that mold but with added look and a hip and leg that is tough to find in the Angus breed.

AI bred May 10, 2017 to Koupal Kozi 418 (favorable to this service for a February calf). Pasture exposed to U-2 Alberta Prime 38D AND Remitall F Diesel 76D from May 29 to July 1, 2017.

*Retaining a Future Flush of 10 embryos at Six Mile's expense and the buyer's convenience.*

dam SIX MILE BLACKBIRD 149B

maternal grand dam SIX MILE BLACKBIRD 16X

service sire KOUPAL KOZI 418

415D is the youngest of the four Crossfire bred heifers we are offering in this year's sale. However, she carries the most consistent EPD tabulations of the paternal sisters, ranking in the top 30% of the breed across the board. 415D has two maternal sisters working in our herd. A maternal sister was also selected by progressive young cattleman, Conner Watson.

AI bred May 16, 2017 to Koupal Kozi 418 (favorable to this service for a February calf). Pasture exposed to U-2 Alberta Prime 38D AND Remital F Diesel 76D from June 1 to July 1, 2017.

**3/4 brother SIX MILE DESERT STORM 94D**

The Darkstar cow family has done nothing but crank out quality stock for our black program. A son from the Darkstar cow family, named Desert Storm, highlighted our black bulls in 2017 and sold for \$20,000 to Blairs. Ag. 29D is tough to find a hole in; sweet fronted, heaps of body and a great foot under her. Her service to Kozi is an added bonus as we really appreciate his progeny. AI bred May 16, 2017 to Koupal Kozi 418 (favorable to this service for a February calf). Pasture exposed to U-2 Alberta Prime 38D AND Remital F Diesel 76D from June 1 to July 1, 2017.

dam NLC FATAL ATTRACTION 1W

This ultra attractive female presents a truly unique pedigree with superb quality, consistency and style to burn. She is out of the fantastic Duff New Attraction donor, Fatal Attraction, that is also the dam of the Blairs.Ag herd sire, Game Changer. Her sire, GQ, is the popular Style son out of Cabin Creek Sandy, making him a maternal brother to Brookings recent \$89,000 top selling female. This outstanding sale attraction is sleek made, perfectly balanced and offers great genetic opportunity.  
 Pasture exposed to U-2 Symmetry 197C from June 13 to August 1, 2017. Due early March to Symmetry.

Offering three outstanding daughters of our Final Answer herd sire, OSU Final Exam. These ultimate brood matrons are uniform in style, substance and quality. This Exam daughter goes back to one of our original big time donors, Mayflower 43N.  
Pasture exposed to U-2 Symmetry 197C from June 13 to August 1, 2017. Due late March to Symmetry.

You'll remember the ultra stout Charlo bred heifer from last year's sale? Well here's her U-2 Symmetry baby that will you definitely need to consider. She's built identical to her outstanding dam... moderate, powerful, big bodied and efficiently made. Consigned by Nexera Land and Cattle and Hordern Angus.

This short tailed creature is one to study. When we pulled her off pasture, she immediately went to the diet pen as she redefined "easy-keeper." She is as massive middled as you could ever want, and yet somehow she maintains a super attractive, clean front end. The Tibbie cow family is synonymous with production and boasts a truly impressive EPD profile. Her grand dam 901W is a prominent donor in our herd, producing high selling sons and top end replacement females.  
Bred May 12, 2017 to U-2 Alberta Prime 38D (favorable to this service for a February calf). Pasture exposed to U-2 Alberta Prime 38D from May 29 to July 1, 2017.

We could write a short novel on this heifer and how unique she is to look at. We have never raised an Angus female that attaches such a long elegant neck so high at the top of her shoulder. 199E is just flat out cool on the profile. She flexes and moves with ease around the pen and has the look that commands your uninterrupted attention. The Bardetta cow family is quickly becoming a house hold name in the Black Angus industry, as they produce sale topping bulls and females for Paradise, Premier and Hasson's. We expect big things from this female.

We are pursuing this heifers entry into Denver.
